Live Outside, Longer.

A considered guide to the MIY Outdoor range — outdoor blinds, ZipScreen™ and folding-arm awnings, custom-made in Perth for harsh Australian conditions.

— THE RANGE

Built for your Australian outdoor & made to last.

Every blind and awning in this book is custom-made in Perth from locally sourced materials and trusted suppliers. Engineered for harsh sun, coastal salt, and hard weather — designed to sit quietly on your home for years to come, not seasons.

— OUTDOOR BLIND · MANUAL OR MOTORISED

Crank & Clip.

Take the edge off that afternoon sun. A hard-working straight-drop blind for your veranda, pergola or roof-to-fence opening. Simple to operate, easy to live with, and designed to withstand Australian environments.

- Spans up to 5.8 m wide
- No side channel required
- Straight drop or roof-to-fence
- Stainless steel clips & straps
- With or without hood box
- Easy to use, low maintenance
- Manual or motorised
- Perfect for afternoon sun

— OUTDOOR BLIND · HEAVY DUTY

HD Channel.

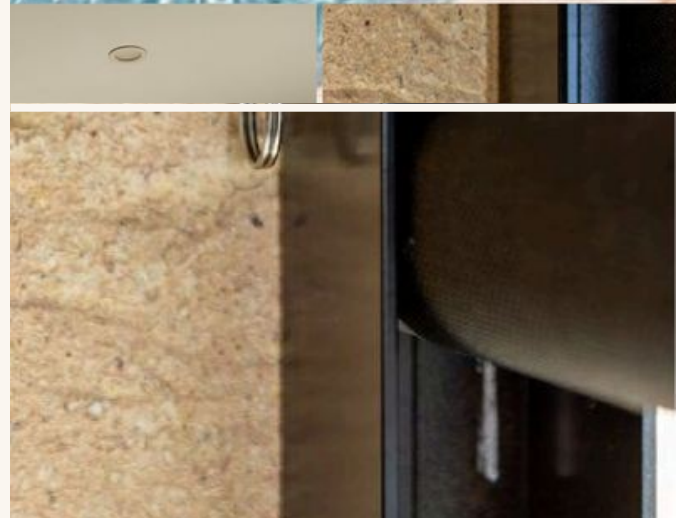

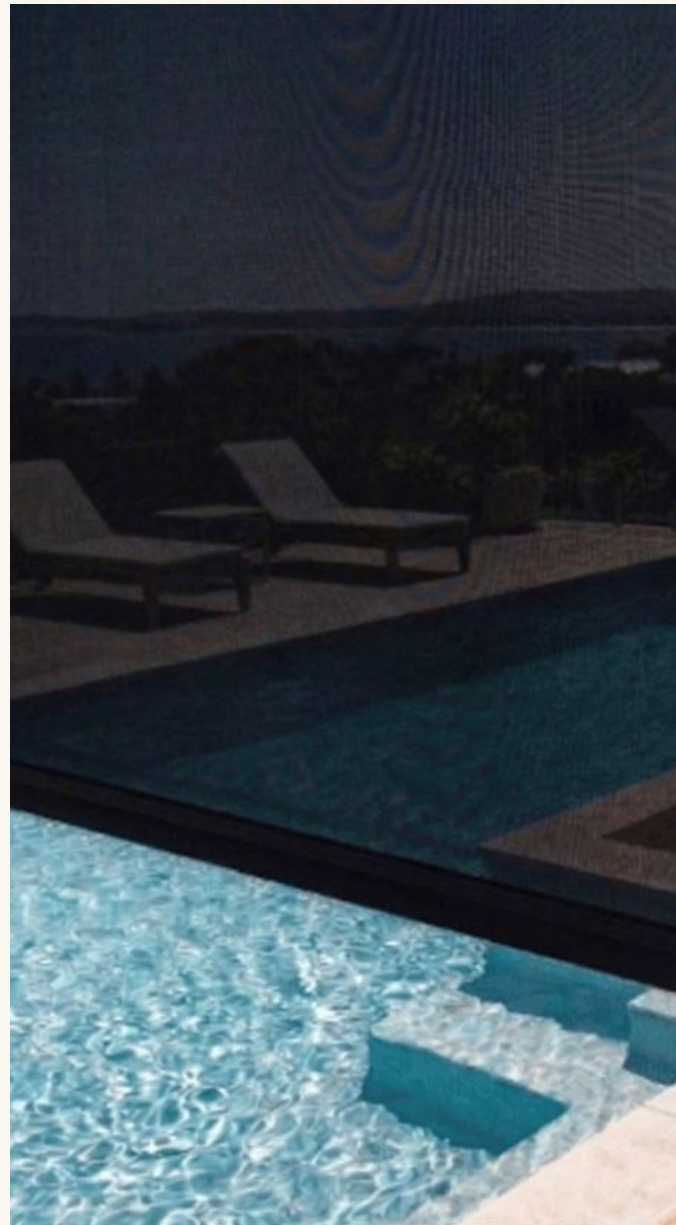

Turn your outdoor area into a true extra room. Powder-coated aluminium channels and a heavy-duty bottom rail shut out wind, rain, insects and UV — so you can use the space year-round, whatever the weather.

- Spans up to 5.8 m wide
- Powder-coated aluminium channels
- Heavy-duty bottom rail
- Stainless steel lock-in pins
- Full hood box (optional)
- Reduces wind, rain & insects
- Blocks up to 90% of UV
- Manual or motorised

— OUTDOOR BLIND · SLENDER & COASTAL

Wire Guide.

A clean, minimal blind that glides on tensioned stainless wires. A great choice for external window blinds and hard-to-reach openings — upper-storey windows, stairwells, gable ends — where easy motorised control does the work for you. Purpose-built for coastal homes too: salt, wind and glare handled, without spoiling the view.

- Ideal for external window blinds
- Great for hard-to-reach areas
- Easy motorised operation
- Reduces heat & glare
- Stainless steel guide wire
- Slim, minimal visual footprint
- Wide range of colours
- Designed for Australian conditions
